Aida Lydia Anak Angkau
Certifier

¹ For details on how Bunge defines and collects traceability to mill, traceability to plantation and NDPE scores please refer to Bunge's online protocol. As an independent organization CU's responsibility was to exclusively verify the accurateness and completeness of the information gathered by Bunge, and Bunge's methodology and processes for the calculation of the scores as described in BLC Palm oil Traceability Protocol. Q1 to Q4 2023 data points and volumes were in the scope of this verification.

Sites included in the scope of this verification for 2023*

Bunge Decatur AL, USA

Bunge Kandla, India

Bunge Rotterdam, The Netherlands

Bunge Jaguare, Brazil

*A sample of the total number of refineries across all regions has been reviewed for these verifications as set out in BLC Palm Oil Traceability Protocol (Version 07).
